

PC108 Catalog 2025

**Laser Sensor Kit
5020159G**

- High-accuracy laser sensor
- 2m cable

**Sensor Kit
5019667G**

- Sensor kit
- Supplied with 2m cable and mounting

**Encoder Kits
5019671G (Knurled Wheel)
5020082G (Urethane Wheel)**

- Resolution of 1800 pulses/rev
- 2m cable length
- 6" circumference wheel

**I/O Cable Assembly
4971170G**

- Connection to stack light connection on UNO Plus
- 5 m length
- Custom lengths available

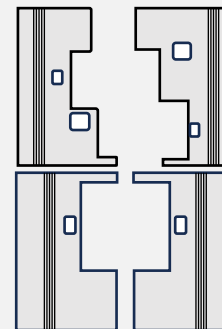

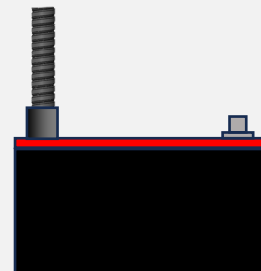

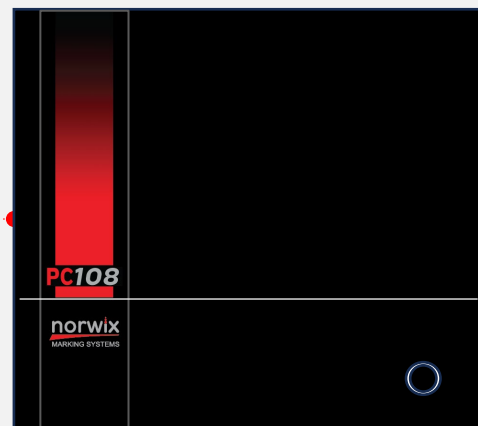

**Daisy Chain Cable
4970905G-0300**

- 3m Length
- Connects to Daisy In/Daisy out on Print Controller

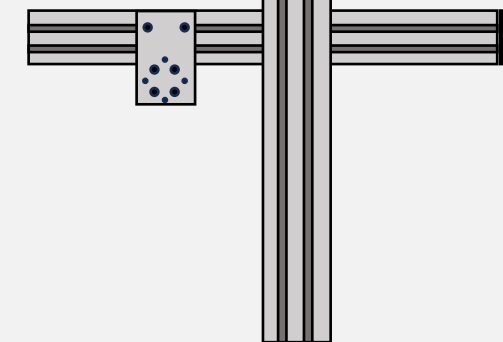

**Mini Sensor
4093075G**

- Label sensor
- Needs additional Sensor Cable (4971005G)

1 to 2 heads

**Sensor Interface Cable
4971005G**

- Suitable for sensor other than Norwix supplied
- Required for Label Sensor
- 2 m length

**PC108 Print Controller
5020323G**

- Supports 2 x 108mm printheads
- Dual 775ml Bulk
- Daisy Chain capable

**HP108 Print Stall
5020220G**

- 108mm print width
- 2.8m Umbilical
- Supplied with Head Clip

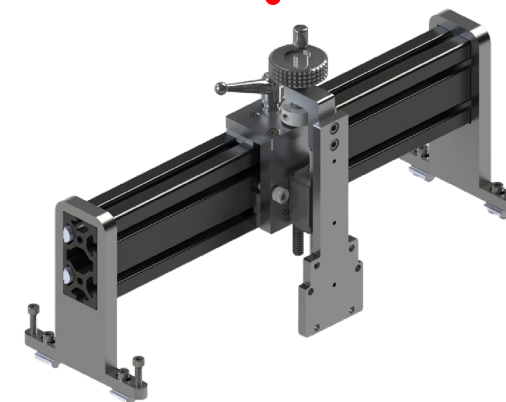

**Infeed Ski Kit
5020317G (1 Print Stall)
5020318G (2 Print Stall)**

- Affixes directly to print head
- Each Kit comes with both Left and Right Skis
- Mounting points for Mini Sensor (4093075G)

**HP108 Mount Bar
50120321G**

- Designed for PC108 Mount and curing head mount
- 25.5" 80/20 aluminum bar (40mmx80mm)

**HP108 Mount (Vertical)
5020322G**

- Mounts Print head
- Allows for 90-degree mounting
- Adjustable horizontal and vertical locking handles

**HP108 Head Mount
5020247G**

- Mounts Print head
- Allows for 90-degree mounting
- Adjustable horizontal and vertical locking handles
