## ONE SYSTEM. ENDLESS APPLICATIONS.

### DIRECT MAIL

Full-color envelopes and self-mailers that increase open rates and response.

### PACKAGING

Print directly on cartons, boxes, labels and a variety of packaging materials.

### WEB PRINTING

High-speed color printing for web applications, inserts and direct mail.

### NEWSPAPER

Variable color content, advertising, wraps and special section printing.

### COMMERCIAL PRINT

Short-run and variable data printing for promotional and transactional jobs.

### FULFILLMENT & LOGISTICS

Shipping labels, barcode printing and variable data for operational efficiency.

## ENGINEERED FOR PERFORMANCE.

### RELIABLE PERFORMANCE

Built to handle demanding environments and high-volume workloads.

### CONSISTENT QUALITY

Advanced HP TIJ 4.0 technology delivers vibrant, consistent color and sharp text.

### COST EFFICIENT

Lower total cost of ownership and efficient design reduce costs.

### SEAMLESS INTEGRATION

Easily integrates with inserting systems, web and packaging lines.

### EXPERT SUPPORT

Backed by Capital's industry-leading support, training and service.
